

Full Time Clinician

Job Description

Therapy reimaged. Small caseload (8) allowing for high investment in each client. Bring your favorite modalities, skills, and tools, and we will support you gaining even more. Clients are adolescents from all over the country having an immersive residential treatment experience, so you share opportunities to influence students toward change, growth, and progress with certified behavioral professionals who actually live with the students on our residential campus.

Weekly individual, group, and family therapy then folds into the larger context of a structured school and evidenced-based residential milieu. A fun and engaging clinical team surrounds and supports you in this stunning rural setting with beautiful, modern buildings and offices. It's demanding and difficult work, but with the time and resources to elicit your best in supporting growth and lasting change in these young lives.

Responsibilities

Objectives of this Role:

- Provide exemplary clinical services to students and families in the form of psychological assessments and treatment
- Collaborate as a member of a multidisciplinary, integrated treatment team to develop and deliver treatment plans to patients
- Support patients by delivering therapy appropriate to their unique mental health concerns
- Establish relationships with patients that allow them to receive the best possible care, while maintaining professional boundaries and respecting confidentiality

Daily and Monthly Responsibilities:

- Assess, diagnose, and treat adolescents for behavioral and psychological disorders
- Establish a rapport with adolescents to assist them in understanding and accepting treatment recommendations
- Prescribe and implement treatment consistent with diagnosis and relevant standards of care
- Provide crisis intervention as needed
- Consult with staff to develop diagnoses and treatment plans in accordance with the needs of the student
- Perform all duties in a manner consistent with the industry standards, ethical principles and Alpine Academy's Code of Conduct

Qualifications

Required Skills and Qualifications

- Master's degree (MA, MS) in Marriage and Family Therapy, Clinical Social Work or Clinical Mental Health Counseling.
- Current Utah full licensure to perform therapy
- 2+ years experience in full-time clinical role

Preferred Qualifications

- Flexibility, both in work hours and duties performed
- Willingness to go above and beyond to provide families with therapy that meets their unique needs
