Alpine Academy defines “bullying” (including “cyber bullying”) as any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- 1) Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;
- 2) Causing a substantially detrimental effect on the student’s or students’ physical or mental health;
- 3) Substantially interfering with the student’s or students’ academic performance; or
- 4) Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by Alpine Academy.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Alpine Academy believes that all students have a right to a safe and healthy school environment. The academic, clinical, and residential communities have an obligation to promote mutual respect, tolerance, and acceptance. Alpine Academy is a division of Utah Youth Village, and this policy aligns with the adopted policies and procedures of Utah Youth Village, found at <https://s35598.pcdn.co/wp-content/uploads/2021/08/Policies-and-Procedures-August-3-2021.pdf>. (See pages 6-8, 40-42, 51-55, 71-75, 92-94, 98-100, 107, 115-124)

Bullying, in any form, is contrary to the policies of Alpine Academy and placing school districts, as well as Utah State Law (See Utah Code 53G-9-6), and Illinois State Law (see 105 ILCS 5/27-23).

Alpine Academy will not tolerate behavior that infringes on the safety of any student.

A student shall not intimidate, harass, or bully another student through words or actions. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; digital or electronic harassment; and social isolation or manipulation. Making false reports or accusations will also be considered bullying and an act of harassment.

Alpine Academy expects students and/or staff to immediately report incidents of bullying to the principal or director. Staff who witness such acts take immediate steps to intervene when safe to do so. Each complaint of bullying should be promptly investigated. This policy applies to students on school grounds, while traveling to and from school or a school-sponsored activity, during the lunch period, whether on or off campus, and during any activity sponsored by Alpine Academy.

To ensure bullying does not occur, Alpine Academy will provide staff development training in bullying prevention and cultivate acceptance and understanding in all students and staff to build the school's capacity to maintain a safe and healthy learning environment.

Teachers will discuss this policy with their students in their home room classes in age-appropriate ways and should assure them that they need not endure any form of bullying. Students who bully are in violation of this policy and are subject to disciplinary action up to and including expulsion.

Students at Alpine Academy will sign a Student Code of Conduct to be followed while on school grounds, or when traveling to and from school or a school-sponsored activity, and during lunch period, whether on or off campus.

Conflict Resolution Policy

Alpine Academy believes that all students have a right to a safe and healthy school environment. Part of a healthy environment is the freedom to openly disagree. With this freedom comes the responsibility to discuss and resolve disagreements with respect for the rights and opinions of others.

To prevent conflict, Alpine Academy will incorporate conflict resolution education and problem solving techniques into the curriculum and campus programs. This is an important step in promoting respect and acceptance, developing new ways of communicating, understanding, and accepting differing values and cultures within the school community and helps ensure a safe and healthy learning environment

Alpine Academy will provide training to develop the knowledge, attitudes, and skills students need to choose alternatives to self-destructive, violent behavior and dissolve interpersonal and intergroup conflict.

Policy Evaluation Procedure

All incidents of bullying will be reviewed on a semi-annual basis to gauge the effectiveness of the policy and interventions. This assessment will look at:

- The frequency of victimization.
- Student, staff, and family observations of safety at school
- Identification of areas of a school where bullying occurs
- The types of bullying that are common or occurring
- Bystander intervention or participation

The information developed as part of the evaluation process will be provided to school administrators, Alpine Academy board members, contracting school districts and state boards of education, school personnel, parents, guardians, and students.

Policy Notification Procedure

This policy will be posted on the Alpine Academy website and in the student and parent handbooks.

All staff, students and their parents will receive a summary of this policy prohibiting intimidation and bullying: at the beginning of the school year, as part of the student handbook and/or information packet, as part of new student orientation, and as part of the school system's notification to parents.
